REQUEST FOR REPORTS and PROPOSALS

Date: **November 20, 2018**

From: Philip Gütt, Administrator for OSC Research Committee

Cc: Russ Karow, ARF

Attachments: OSC Research Priorities, Research Proposal Cover Page, ARF Submission Guidelines - all files are available at www.oregon-strawberries.org/research.html

1) DEADLINE FOR REPORTS **Friday, January 4, 2019**

Progress Reports from **FY 2017-18 Funded Projects**

Progress Reports are due for all research funded by the ORBC in the previous FY (see list under #6 on next page).

Electronic Copies:

A. Please E-mail Reports in **MS Word** format to the commission office: pnwa@comcast.net

B. Submit in **PDF** format to ARF - see ARF submission guidelines (at the above web address) for details. (See ARF submission guidelines for details).

Please Note: All researchers who received funding in the previous FY will be required to attend the Annual Grower's Meeting and provide a progress report. See #5 & #6 on next page.

2) DEADLINE FOR PROPOSALS **Friday, January 4, 2019**

Research Proposals for **FY 2019-20**

Research Proposals are now being accepted for next FY. Proposals will be rated based on the attached priorities. Also, please see the next page for instructions on preparing your proposals.

Electronic Copies:

A. Please E-mail your Proposal in **MS Word** format, and Research Proposal Cover Page¹ to the commission office: pnwa@comcast.net

B. Submit in **PDF** format to ARF - see ARF submission guidelines (at the above web address) for details.

Signature Copy – OSU Researchers:

See ARF submission guidelines for details.

For questions on OSU submission process contact the Ag Research Foundation:

Russ Karow 1600 SW Western Blvd., #320 Corvallis, OR 541-737-3228

russell.s.karow@oregonstate.edu

¹ The Research Proposal Cover Page is an Electronic Form found at the above web address.

3) Instructions for Preparing Your Research Proposals

Please include the following categories for your proposal:

Title:	Title of project
Principal Investigator:	Name, institution, department, address, phone, fax, e-mail
Cooperators:	Name, institution, department
Rationale:	Briefly state the reason for doing the research or educational project. Describe how the project results will benefit Oregon berries.
Objectives:	State what will be achieved.
Progress:	Describe results of past research on the problem. If the project is new, describe any preliminary results you may have obtained.
Proposed Project:	Outline the methods or procedures you plan to use in the project. Proposals should not exceed three pages unless it can not be adequately conveyed within that limit. Proposals should be concise and convey all expected elements.
Duration of Project:	Each proposal should be made for a specific period of time, e.g., three years. If project is in progress, show the year of this proposal, e.g., year 2 of 3.
Summary Page:	Up to one-page in reader-friendly non-scientist/layperson language.
Budget:	If you received funding last year, please show the amount received from each source. For your current proposed budget, also include the names of other sources and the amounts of funds received or requested. <i>Please Note: Graduate student tuition can not be included in your budget. Also, no Indirect Costs are allowed.</i>

4) Research Priorities

Included are the current research priorities developed by the OSC Research Committee. These will be used as part of the criteria for rating proposals.

5) Annual Research/Grower Meeting Dates

The OSC will be holding their Annual Growers Meeting **on February 13, 2019** at the **North Willamette Research & Extension Center**. All researchers who received funding in the previous FY will be required to attend and provide a progress report.

6) Previous FY Funded Researchers

Strawberry Pesticide Registration, Tracking and New Chemistries Joe DeFrancesco
Development of New Strawberry Cultivars for the Pacific Northwest Pat Moore
Cooperative Breeding Program - Strawberries Bernadine Strik/Chad Finn
Evaluation of processing quality of advanced strawberry breeding selections Brian Yorgey
Improving weed control options in strawberries, 2017 Ed Peachy
Continuation of a weekly email IPM Newsletter for Small Fruit Growers Tom Peerbolt

If you have any questions, please contact us. Thanks.

2018 Research Priorities for 2019-20 FY Research Projects

Updated November 2018

Please note that the priorities are not in ranked order. They are equal in value.

- Variety Development
- Pesticide Tracking and Registration
- Pest Control
 - Botrytis
 - Brown Marmorated Stink Bug
 - Charcoal Rot
 - Cyclamen Mite
 - Leaf Diseases
 - Lygus
 - Magnolia Flea Beetle
 - Root Weevil
 - Slugs
 - Soil Diseases
 - Spider Mite
 - Spotted Wing Drosophila
 - Symphylans
 - Thrips
 - Voles
 - Weed Control
- Production Systems
 - Alternate production systems for economic efficiency (e.g. harvest efficiency), increased yield and cultivar management
 - Fresh market production systems
 - Nutrient Management
 - Fertigation
 - Irrigation
 - Organic
